Contacting Parents:

Please advise us if you change your mobile number/email in order for us to update our database and our Aladdin records so that all communication can run smoothly and directly through your Aladdin App.

If you are a NEW PARENT to our school, you will receive an email in late August which contains a link which will give you all the instructions to download the Aladdin App onto your phone.

When you click on the link on this email you will receive a private personal code number (by text) known only to yourself so that you can set up access to your child's profile.

If you are an existing parent your child will automatically be added to your existing family profile.

All messages for school or the class teacher will be sent via the noticeboard on your Aladdin App.

Thank you.
